E-book

«English and ICT skills for life»

One of the main project results is interactive E-book. The E-book is made to help seniors/students learn English more effectively at their own pace or be used as a supplementary material by teachers. It consists of materials for English language and ICT skills development helping people to build their competences more stronger and to break down language barriers. So why not to try it?

E-book contains 4 different modules:

1. Let's communicate,
2. Being in a Relationship,
3. Communicating in Different Social Environments,
4. Guide to Social Media Tools.

Modules consist of lectures both in writing and audio listening. The first three modules are made on the basis of games and exercises (such as sentence mix, crossword) that appears through attractive illustrations.

The fourth module serves as a guideline on how to use social media tools like Facebook, Skype and YouTube in everyday life.
